AMENDMENT

Sir:

This is in response to the 371 Formalities Letter as "Notification to Comply with Requirements for Patent Applications Containing Nucleotide and/or Amino Acid Sequence Disclosures" mailed on November 7, 2006 and the Notification of Abandonment mailed on February 22, 2007. The Notification of Abandonment was issued in error by the Patent Office according to a telephone conversation with Sue Wolski (Ref. #1-73300338) on March 7, 2007. Ms. Wolski informed us that the "Notification to Comply with Requirements for Patent Applications Containing Nucleotide and/or Amino Acid Sequence Disclosures" allowed for extensions of time through May 7, 2007 and the Notification of Abandonment did not factor in these extensions.
